

Health, Safety and Environmental Protection is a core objective of our business.

Gordon Brothers are committed to ensuring the following

- Maintain a healthy and safe working environment.
- Provide personnel with all necessary equipment, resources, procedures and training as required to achieve optimum health, safety and environmental outcomes.
- Continuously improve all operations and activities.
- Monitor Health and Safety statistics against measurable objectives and report on a regular basis.
- Conduct regular audits of our Health and Safety system, which include assistance and coaching for personnel where necessary.
- Encourage all personnel to take care and be involved in Health, Safety and Environmental matters and submit their ideas for improvements to our systems and procedures.
- Encourage our personnel to speak up if they observe any unsafe work practice and mentor their fellow workers.
- Comply with all legislated Health, Safety and Environmental requirements in each state and territory in Australia.
- Deliver environmentally responsible products and services.
